| Who and how to contact: |
| Possibilities for (cheap) accommodation: |
| : |
| Helpful local information |

Objectives

In a 2 weeks period the Trainee will be able to:

- sit in on consultations;
- go on home visits to patients with a partner of the practice;
- follow along in possible on-call-services;
- observe the practice nurse and other staff;
- take part in the training activities of the local trainees/registrars;
- visit hospitals, health boards, departments of General Practice etc.
