FIRST ANNOUNCEMENT

2nd EURACT Medical Education Conference 2018

21st-22nd September 2018, Leuven, Belgium

University of Leuven, Medical Campus Gasthuisberg

FAMILY MEDICINE EDUCATION IN THE REAL WORLD: FROM THEORY INTO PRACTICE

Aims of conference:

The conference will provide an opportunity for practicing family medicine teachers and researchers to meet and exchange research findings and new ideas in order to continue the development of Family Medicine in Europe by:

- The dissemination of new educational research in Family Medicine and promoting the development of new research projects
- The exchange of practical ideas that will support the development of FM education
- The creation of a forum for GP Educators in Europe

Conference themes:

- Evaluating and implementing new ways of teaching
- Developing research in Family Medicine education
- Sharing educational experiences
- Assessment and evaluation

The call for posters, oral presentations and workshops will be announced in Autumn 2017.
