*) Fees based on the country gross domestic product (GDP) at purchasing power parity (PPP) per capita as estimated by IMF (International Monetary Fund). Countries are placed in the different “cells” according to these IMF-figures.

Fees for a given year should be based on newest data available in the year before – that is IMF-figures from 2007 were giving the basis for fee calculation for 2009.

**) Fees for 2010 are based on IMF-figures (estimates, September 2009) for 2009.

***) Fees for 2011 are based on IMF-figures (estimates, October 2010).

****) Fees from 2012 are based on IMF-figures (estimates, September 2011)

*****) Fees from 2013 are based on IMF-figures (estimates, October 2012)

This calculation key is used:

Low income countries: < 12.000 US \$

Lower-middle income countries: 12.000 – 20.000 US \$

Higher-middle income countries: 20.000 – 25.000 US \$

High income countries: > 25.000 US \$

NB! When a country moves from one category to another it can only happen as “one step pr. year”, and in 2009 this rule had these consequences:

a*) - members from Estonia will have to pay 20 Euro in 2009

b*) - members from Czech Republic will have to pay 35 Euro in 2009

Changes from 2009 to 2010:

- following countries move from paying 10 Euro in 2009 to 20 Euro in 2010: **Bulgaria, Romania, Turkey**

- following countries move from paying 20 Euro in 2009 to 35 Euro in 2010: **Slovakia**

- following countries move from paying 35 Euro in 2009 to 50 Euro in 2010: **Czech Republic**

(Czech Republic was already in 2009 a 50 Euro country, but due to our policy on “only one step per year” the fee was settled ad 35 Euro).

Changes from 2010 to 2011:

- **Belarus** enters as a 20 Euro paying country
- following countries move from paying 35 Euro in 2010 to 20 Euro in 2011: **Estonia and Hungary**

Changes from 2011 to 2012:

- **Macedonia (FYROM)** enters as a 10 Euro paying country
- following countries move from paying 20 Euro in 2011 to 35 Euro in 2012: **Estonia, Hungary and Poland**

Changes from 2012 to 2013:

- **Serbia** moves from a 10 Euro paying country to a 20 Euro country
- **Lithuania** moves from a 20 Euro paying country to a 35 Euro country
- **Greece** moves from a 50 Euro paying country to a 35 Euro country
- **Malta** moves from a 35 Euro paying country to a 50 Euro country
