Leonardo EURACT course **level 2** for trainers in Family Medicine

3rd – 5th November, 2021 • Online

This course is conducted as part of the Leonardo da Vinci Programme Project: Framework for Continuing Educational Development of Trainers in General Practice in Europe (Project n° 2010-1- PL1-LEO05-11460) and is organized by a consortium of partners with a leading role being taken by the European Academy of Teachers in General Practice (EURACT).

GENERAL INTRODUCTION

In order to deliver high quality patient care within a primary health care sector a programme of specialty training and continuing education for European GPs is a crucial matter. Such education programmes require a skilled workforce of general practitioner teachers, who need to be trained for this purpose.

The Leonardo EURACT courses are based on an expertise model for GP teachers, with courses at 3 levels. This level 2 course is aimed at competent teachers who have participated in a level 1 (new teachers) course (or its equivalent), are actively involved in GP teaching, and will facilitate development as a teacher to the level of proficient. It is focused on providing in depth understanding of teaching methods, spending a whole day on each of three content areas.

AIMS AND OBJECTIVES

The Leonardo EURACT course level 2 course will provide high quality resource materials to each participant to help them during the course and to enable them to cascade their new competences through providing follow up courses at home. Teaching methods will be active and participatory and the course will address the needs of those involved in department based teaching as well as individual trainers. Participants will be encouraged to deliver courses in their home environment, both to novices and to their peers where appropriate. Each of the modules has its own learning aims.

CONTENT AND SCHEDULE OF THE COURSE

The course will last for three full days, and will be held entirely online through the Zoom platform. There will be an online introduction and group forming session, then each participant will rotate through three one-day online modules. One has to select three of the four modules available on this course at the time of application. If there are no places left in one of your three choices you will be allocated to your fourth choice. (You will be provided with the course materials for all four modules)

THE CHOICES ARE

Professor Ruth Kalda (Estonia)

Turning a Curriculum into REAL training

this module will look at how teachers can convert learning outcomes from training curricula into real live practical teaching sessions.

Dr Renzo De Gabriele (Malta)

Managing Problem Trainees

this module will consider what problems may present to teachers and how these may be managed.

Dr Martine Granek-Catarivas (Israel)

Teaching from the Consultation

this module will look at the principles of teaching from the consultation and some of the methods in use.

Dr Dimitrios Karanasios (Greece)

Small Groups Leadership and Facilitation

this module looks at how small groups work, leadership and facilitation.

for trainers in Family Medicine

3rd – 5th November, 2021 • Online

COURSE VENUE

The course will be held entirely online through the Zoom platform. A week before the commencement of the course there will be a technical rehearsal for all participants so that they familiarize themselves with the technical platform of the course.

PARTICIPANTS

Applicants should be competent teachers who have done a level 1 course (or equivalent) and be active in teaching. There are 12 places available for sponsored participants and 20 places for participants that will pay the entire fee.

Participants have to attend the course **at all times**. Punctuality is also very important. Participants have to be entirely focused for the entire duration of the course. Despite being an online course, it will still be very interactive with a lot of work being done in small groups.

The fees for applicants are as follows

- The course fee for EURACT members is **€170**
- The course fee for non-EURACT members is **€230**
- The course fee for sponsored participants is **3 times the annual national membership fee** of the participant's country
